razawatto155@gmail.com / 3225913839 / lahore , punjab

Summary

As a Software Engineer, I have developed a strong proficiency in rapidly understanding complex requirements and translating them into efficient, scalable solutions. My innovative problem-solving abilities ensure the delivery of high quality software. I adeptly adjust my work pace to align with client priorities and preferences, and I am equally effective working independently or as a collaborative team member.
